MALLORY RALLY IN CENTRAL CITY

Meeting Called to Order by C. W. Hooper, After
Which Leading Speeches Were Made by Many
of Selma's Progressive Citizens.

Montgomery Journal.
Selma, April 7.—Last night at the Academy of Music, Selma's largest auditorium gathered more than eight hundred friends and neighbors of Hon. H. S. D. Mallory to join in a demonstration of love and esteem for Selma's candidate for governor.

The meeting was called to order by C. W. Hooper, leading wholesale merchant. He said: "I am glad to see all the people of Selma united one time, for one subject—the election of a governor. It has become my duty, to call this meeting to order and name you as chairman. I therefore nominate for this place, your mayor, Hon. Victoria B. Atkins."

Mr. Atkins spoke briefly in introducing the main speaker of the evening. He said among other things: "I am delighted to be here and glad to be made your chairman. I am glad to see the people united again. The things of the past over which we differed are passed. I helped in my humble way to defeat the amendment about which so much has been said in the papers in this campaign. I did that because I thought it too extreme to be in the constitution. I am glad to fight as a humble soldier under the flag carried by Hon. H. S. D. Mallory. I support him for the same principle that I opposed the amendment. I support him because he is a man who has been elected to the honor of the people."

Chamberlain's Stomach and Liver Tablets are safe, sure and reliable, and have been praised by thousands of women who have been restored to health through their gentle aid and curative properties. Sold by All Dealers.

NOTICE.

To the people of the 25th Senatorial District:
The undersigned citizens of Crenshaw county hereby endorse the candidacy of H. Y. Brooks for the position of Senator from this district and certify to his integrity as a man and his fitness for the position.

Before Mr. Blackmon's speech, Mr. Atkins read a telegram from O. P. Gant, of Birmingham, stating that Judge Stiles, W. K. McAdory Blake and other successful candidates of Jefferson county were for Mallory. This message was received with a demonstration by the big audience. A Montgomery paper had printed a statement from P. G. Bowman, saying these successful candidates in Jefferson were O'Neal men. This denial coming from Birmingham was received with loud applause.

Senator Blackmon has just secured a big appropriation to improve St. Andrew's Bay and the Chattahoochee river. It is thought the improvements will give east Alabama better freight rates on cotton and guano.

Mr. Blackmon does not make pretensions to being a public speaker, but he is a plain business man. In his plain business-like way he told why Mr. Mallory should be elected. He said: "Mr. Chairman, I honestly believe I am repeating the truth when I say to you that the G. I. feeling God-loving people of north Alabama in a large majority are for Mr. Mallory." Mr. Blackmon's remarks pleased him and he was applauded. R. E. L. Neal, on the strong resolution for Mr. Mallory which were adopted by a large vote, everybody voting.

Jeffries' speech.
L. F. Jeffries, leading lawyer, took the platform and made a speech in support of the county's candidate. He

Charles H. Greer.

From the Athens Courier.
Down in Marion Alabama there lives a man who is a candidate for secretary of state. His name is Charles H. Greer. He is a self-made and self-educated man, and in both jobs he has made a great success. He has been fighting his own way in life since he was twelve years of age and for twenty seven of these years he has been identified with the press of Alabama and no man has been truer to the profession or done more for the people of the state in an editorial way than he has. He wrote the first editorial that appeared in any newspaper in Alabama, advocating an industrial college for women. He was a member of the last constitutional convention, and no man in that great body of leading spirits was more averse to the interest of the people than he was.

He was one of the founders of "The State," a daily newspaper that flourished in Birmingham for a time and was then consolidated with the Age-Herald. Mr. Greer was one of the promoters of the Birmingham Ledger. He has also been connected with papers in Randolph, Chambers and Lee counties. For eleven years he has owned and edited the Marion Standard, one of the ablest newspapers in the state.

Mr. Greer was the first man to suggest the uniform text-books for the public schools of the state, and this has saved the people of many thousands of dollars in the buying of school books. He was also a strong advocate of increased appropriations for the public schools and in fact his entire editorial career has been one looking to the help of the people. He has never asked at the hands of the people any office except that of being a member of the constitutional convention, and is now a candidate of his friends.

Mr. Greer is a member of the Baptist church; a Knight Templar Mason; a Knight of Pythias; Red Man; Woodman of the World and a member of the Farmers Union of his county. He was reared on a farm and knows the hardships and trials of a farmer's life and is in sympathy with every movement for the advancement of the agricultural interests of the county. He is a man whom all can vote for with the assurance that he will be a faithful and efficient servant.

The City Drug Company's piano contest is proving a drawing card. It is really a big advertising scheme, one so big that few drug stores out of big cities would undertake to handle it. To give away absolutely free, just to make popular a place of business, a four hundred and fifty dollar piano is enough to make the people of any town sit up and take notice. It proves the enterprising spirit of the men in control of this popular drug store. Shows that they want your trade bad enough to stand any expense and amount of trouble to get it. It is the spirit that wins every time, and it is going to win this time. Also some one is going to win a fine piano, one that will last a life time and bring much pleasure to some Coffey County home.

Mr. Ellis, manager of the City Drug Company, says any of the clerks will be pleased to explain the plan of the contest to you. It costs nothing to enter the race, and nothing to win; and now is the time to get in the running.

The County executive Committee meets at Brocton Saturday to elect managers for the April 28th primary.

A Night Alarm.
Worse than an alarm of fire at night is the metallic clang of a copy bringing dread to the household. Careful mothers keep Foley's Honey and Tar in the house.

Surprising Facts About the Patient's Medicine.
"The Fourth Estate" has been warning publishers about the risk in allowing credit to the new medicine concerns. It is said that there have been only one or two of the thousands of new proprietary medicine houses have made any considerable money that have started the past twenty years and only a very few more that have not with even moderate success. It is the general impression that the business is immensely profitable while the facts are that there is a larger percentage of failures than in any other line. The new concerns usually start with lots of confidence in the merit of their goods and advertising but soon exhaust their capital leaving dealers who have stocked their medicines with unsalable goods on their shelves. It is the experience of many publishers that have accepted this new business that they have been compelled to charge off their bills to profit and loss.

There are many old and reliable medicine houses that continue to do a good or increasing business from year to year but the new ones are finding it more and more difficult to become established. This section of the state has had an unusual dry March, and the indications now are that April will be another dry month. The dry weather will prevent many from securing regular stands of corn and cotton. This will not be the case, however, where the lands have been thoroughly prepared for the seed.

Elba is rather a small dot on the state map, and off the thorough line of travel, but it is seldom a day passes that we do not have from one to half dozen candidates walking our streets and wearing the smile that will wear till election day.

Vote for G. N. Buchanan. He has been tried and not found worthy. He made us a good store of Duke & Son and two or three other buildings, with a bank, were saved by a bucket brigade.

Farmer Shot to Death.
Lexington, Ky.—Word has reached here that while playing in his corn field, Monroe Vance, a farmer of Ford county, was assassinated by a woman who fired from ambush, hitting him instantly. The assassin escaped.

Mississippi Town Fire Swept.
Scotch, Miss.—Investigation failed to disclose the origin of the fire here Saturday night, which did damage to the amount of \$100,000. Before the blaze was gotten under control ten buildings were in ruins. The drug store of Duke & Son and two or three other buildings, with a bank, were saved by a bucket brigade.

PEACE TO REIGN

Trouble in Coal Fields Soon To Be Adjusted.

SO SAY THE OFFICIALS.

President of the Miners' Union Says That Suspension Will Be Only Temporary—Steps for Settlement Are Now Being Taken.

Indianapolis, Ind.—Advices from the bituminous coal fields of the United States received by Thomas L. Lewis, president of the United Mine Workers, when he returned to the headquarters of the organization in this city, satisfied him, he said, that the suspension of work in the mines pending the signing of a new wage contract between miners and operators would not be long continued.

"I have not been talking 'strike' in Illinois," said Mr. Lewis, "and I am not going to do anything of the sort in western and central Pennsylvania next week. Operators and miners in these three districts, in Indiana, Iowa, Ohio, western Kentucky and the southwest will all be discussing means of settlement of the questions between themselves next week. The matter will settle to work itself out, and it will work out to the end that we will get the demanded wage increase of 5.5 per cent without work by the day or so."

In Illinois, the southwest and western Pennsylvania the controversies will be done in settling conferences, then in the other states, but I cannot believe there will be a final break.

"If the operators of Pennsylvania and Ohio feared that the operators in the nonunion districts of West Virginia and that neighborhood would understand them, that objection to increasing the wages of union miners has been swept away by the news that in practically all the nonunion fields in West Virginia, Maryland and southern Pennsylvania the operators have come out with a raise of the wages of their unorganized workmen. This is also a plain object lesson that the union men benefits the nonunion man."

Mr. Lewis will spend tomorrow at his home at Bridgeport, Ohio, and on Monday will go to DuBois, Pa., or to Pittsburgh.

HALLEY'S COMET.

Celestial Visitor Will Be Visible to Naked Eye During May.

Lake Geneva, Wis.—Within a few days the great Yerkes telescope at the Williams Bay observatory of the University of Chicago will pick out from space Halley's comet, for whose appearance all the astronomers of the West are watching. At present the comet is hidden by the brilliancy of the sun, around which it is just completing its parabolic orbit, but the comet has now passed the sun and will soon be within reach of the great telescope.

The comet is likely to be sufficiently clear to be seen by the naked eye within three weeks, and from that time until May 19, when it attains its greatest brilliancy, it will become plainer nightly.

A Narrow Escape.

Macon, Ga.—Roland, the eleven-year-old son of Charles R. Roll, came near losing his life in a severe at the intersection of Third and Hawthorne streets yesterday afternoon, when he attempted to pass from one exit to the other through the block. He had gone the entire distance and was at the point of exit when he became fastened and could not escape. It was necessary for Call Officer Tom Arant, who went to the scene, to employ a fire and dig up the sewer pipe and break the joints. The boy was completely exhausted and unconscious when extricated.

Many Victims of Strike.

Philadelphia.—Leaders of the carmen's strike call attention to a list of fatalities since the beginning of the walkout six weeks ago. Eleven persons have been killed by street cars and collisions have been frequent, causing injuries to passengers. A movement is under way, the strike leaders say, to bring pressure to demand that the transit company send out only reliable operatives on cars.

Mississippi Town Fire Swept.

Scotch, Miss.—Investigation failed to disclose the origin of the fire here Saturday night, which did damage to the amount of \$100,000. Before the blaze was gotten under control ten buildings were in ruins. The drug store of Duke & Son and two or three other buildings, with a bank, were saved by a bucket brigade.

Constipation Cure Free

With the first signs of constipation

you resort to the home methods of

relief, such as hot or cold water on

arising, lots of steved fruit with your

breakfast, etc., but what do you do

when these fail?

The majority then start on salts and

purgative waters, then change to cathar-

tic pills, etc. If you have gone through

these various stages you know they were

all useless, so far as permanent results

go. Now you should try just once again,

but try something practical and sensible,

a remedy made and intended for the pur-

pose you are trying to accomplish. Such

a remedy, as thousands can testify, is

Dr. Caldwell's Syrup Pepsin, which is

guaranteed to be permanent in its re-

sults. Its ingredients are such that by a

brief use of it the stomach and bowel

muscles are trained to again do their

work normally, so that in the end you

can do away with medicines of all kinds

that it will do this Mr. G. Y. Dodson of

St. Louis, Mo., writes: "I have used

Dr. Caldwell's Syrup Pepsin, and I am

glad to say that it has cured me of my

chronic constipation. I have used it for

over a year and I feel that it is the

best remedy I have ever used. It is

simple, safe, and effective. I have

recommended it to many of my friends

and they all say it is the best remedy

they have ever used. It is the ideal

remedy for constipation. I have

used it for over a year and I feel that

it is the best remedy I have ever used.

Railroad Law Held Invalid.

Washington.—Holding that the action of the state of Arkansas in requiring railroads to furnish cars for local shipments within five days from the time they were ordered was a burden on interstate commerce, the supreme court of the United States reversed the supreme court of Arkansas.

Publicity Bill Reported.

Washington.—The McCall bill providing for the publication of campaign contributions and expenses was favorably reported to the house by Chairman Gates, of the committee on election of president and vice-president and members of congress. The measure will be taken up by the house in two weeks.

Texas Law Upheld.

Washington.—The supreme court of the United States has decided the case of the Southwestern Oil Company vs. the State of Texas, in favor of the state, thus upholding the constitutionality of the Texas law, which known as the Kennedy tax law, which fixes a tax of 2 per cent. on the gross receipts from the sale of oil, naphtha, etc. The court held that a classification of wholesale dealers as distinct from retail dealers for purposes of taxation was a proper exercise of state power.

WRECK FROM GALE

Austria Visited by Destructive Tornadoes.

VERY HEAVY SHIPPING LOSS

Not Only Will the Property Loss Amount to Hundreds of Thousands of Dollars, but There Has Been Serious Loss of Life.

Vienna.—Leaving a trail of destruction over the more northern parts of Austria, storms and tornadoes, which have caused a property loss of millions, passed southward toward the Balkans and along the Adriatic sea. It is feared that the loss to shipping will be heavy. Trieste, where great shipping vessels were tossed about in the new harbor, narrowly escaping disaster, and smaller craft suffered worse, bore the brunt of the hurricane.

Several persons are known to have been killed in different parts of the country and reports in detail indicate that the death list will be much higher than at first supposed.

In Vienna traffic is still tied up, the streets are covered with snow and wire communication is almost at a standstill. The telegraph and telephone systems are crippled that few details can be ascertained from the remotest districts. In Croatia, Slavonia, A. Herzegovina and Dalmatia were ripped, and it is feared destruction has been general there. Montenegro is also affected.

Crew of British Bark Perish.

London.—The British bark Kathmos, from Antwerp to Palmouth, was cut in twain by an unknown vessel at Lands Ends and sank at once. The crew of 21 was drowned. Only a cabin boy was saved.

Georgia Postmasters.

Washington.—The following fourth class postmasters have been appointed: Jake, Carroll county, Eva C. Robertson; Talona, Gilmer county, Horace A. Field.

Two Killed in Explosion.

Scranton, Pa.—James Arthur and Elias Cobb were killed and Albert Moon injured by the explosion of the corner mill at the Rubidale plant of the Dupont Powder Company.

Many Women Cremated.

Bombay.—Twenty-five women and children were burned to death in a fire that destroyed the state cotton warehouse at Biliware in the district of Rajputana.

Chief Justice Dowdell.

The Advertiser publishes on this page some thoughtful and deserved comments on The Mobile Register on Chief Justice J. R. Dowdell's candidacy for re-election. The endorsements of leading members of the Alabama bar of Judge Dowdell's long and honorable judicial record, and the compliment paid his eminent qualifications should carry weight with the voters of Alabama. The earnest, not to say the enthusiastic endorsement of the bar

of Montgomery is perhaps even more emphatic than that given Judge Dowdell by the Mobile bar. It should be a source of peculiar gratification to Judge Dowdell and his friends that the men who have most business with the Supreme Court, and who are most interested in its maintenance of the high standard which has always characterized it are Judge Dowdell's most loyal supporters.

Judge Dowdell's friends, in presenting his claims, may confidently rely upon his long and

honorable career on the bench and upon the estimation of the lawyers of Alabama that he possesses in a most eminent degree the qualifications for the office in which he has served and to which he is asking re-election.—Montgomery Advertiser.
